## Class Will

As we the Senior Class of 1957, sadly realize that graduation is almost here, we leave to our fellow students the following.

I, James Ramsey, will my broken collar bone to George Gahagan. I also will my quietness to Kenneth Poteete.

I, Bruce Woody, will my determination to finish school to Dowell Ricker.

I, Wilda Fincher, leave my position as Mr. Cook's secretary to Mary Ann Ward and hope she doesn't have as much work to do as I did. I also will my friendliness and popularity to Betty Gregory.

I, Kathleen Poteete, will my personality to Alberta Zimmerman and hope she makes good use of it. I also will my studious ways to Paul Campbell.

I, Louise Suttles, leave my tallness to Phyllis Odum, since she needs it. I also will my quietness to Beulah Hagan.

I, Tommy Harrison, will my position on the basketball team to Douglas Gregory. I also will my ability to get to school on time to Richard Evans.

I, Don Strom, will my front seat on the school bus to Beulah Hagan and hope she doesn't have to fight over it next year. I also will my ability to get good English grades to Junior Sawyer.

I, Billy Holt, will my ability to play football to Wayne Cogdill.

I, Dean Goode, will my height and position as forward on the basketball team to Charles Foster.

I, Frank Lee Roberts, leave my ability to play football to Curtis Roberts and Johnny Norton.

I, Elmer Sexton, leave my typing ability to Junior Sawyer and hope he does a better job than I did.

I, R. C. Ray, will my ability to make good grades in Physics to Jimmy Lambe.

We, Eilda Fincher, Kathleen Poteete and Louise Suttles, leave our ability to type to Betty Gregory, Marvin Waddell, and Vonda Woody.

To the teachers, we leave our sincere appreciation for all the thought and guidance they have given us in our four years of high school.

To the Juniors, we leave our ability to co-operate with the high school teachers.

To the Sophomores, we leave our physics book and hope they learn the formulas better than we did.

To the Freshmen we leave our desire to get an education.

To our Alma Mater, we leave our loyalty and fond memories.

In witness whereof, we the seniors of 1957, the testators, have written this will on this 25 th day of May, in the year of our Lord, one thousand, nine hundred and fifty seven.

TESTATOR  
Tommy Harrison

## Class Prophecy

Here it is 1962 and as I sit here in my Long Island, New York home, now Mrs. Glenn Plemmons, my classmates enter my mind again. With vacation time coming up I thought it would be a good idea to visit them.

While I was having lunch in Washington D. C., a girl walked in wearing a nurses uniform. It is Kathleen Poteete! Kathleen had always wanted to be a nurse and she is now head nurse at Walter Reed Hospital. Kathleen recieved a lot of information when she wrote essays for Mrs. Netcalf's English class.

As I was driving through Shenandoah Valley, Virginia, I spotted a plantation. I had to observe it more carefully. Look who owns all this--Elmer Sexton. I knew Elmer would be a rich man someday.

My next stop was Tennessee. I decided to visit the University. As I entered, I spotted a tall slender man--it Can't be--but it is--there sits Bruce Woody, now an English professor. As Bruce was showing me around the campus, I became dazzeled. There was Frank Lee, and Billy Holt the greatest stars of U. T. 's football team. If Mr. Wallin, their coach could see the boys now he would be mighty proud of them.

Since I was so near Hot Springs, I couldn't resist visiting the old home town. While I was there, I visited Burlington Mills and just as I expected there sat Louise Suttles. Louise is now president of Burlington Mills. Because she tried so hard to get a job at the plant during her senior year, I am really proud of her.

As I was driving on down through North Carolina, I passed an army base and there stood James Ramsey--really James you can't be a general-but he is. James was always good at arguing. He doesn't have to argue now to get what he wants; he just speaks and that is that.

My next stop was Orlando, Florida. I visited the most beautiful night club I have ever seen. Who owns it? Why it is Don Strom! Look what he has for entertainment! I can't believe it--but it is--the R. C. Ray show. R. C. always loved music and now he has his own orchestra. He is getting as famous as Glenn Miller. Lawrence Welk is nothing compared to what I heard from R. C.

While I was in California, I decided to visit Hollywood, Oh! there's Marilyn Monroe--who is that handsome man with her? I nearly fainted--it is Dean Goode. Dean was the handsomest man in our class but I can't imagine Dean a movie star.

It is now time for me to start home, and I haven't seen Tommy Harrison yet. Maybe I will see him next time.

I am in New York and today I had visitors, Tommy Harrison and his son, he and Lillian are married. That isn't all I found out--believe it or not--Tommy is the richest man in New York. He listened to Mr. Cook and invested in stocks, I hear he owns more stock than anyone else in the United States.

In five more years our class plans to have another reunion, I hope to find everyone getting along as nicely as they now are.

### LOOK TO THE FUTURE

Opportunities today in the textile industry are truly unlimited. New man-made and natural fibers, with their almost limitless uses, are continually opening newer and broader fields for manufacturing, research and development, design and merchandising.

Burlington Industries, a young organization, which had its beginnings in North Carolina only 34 years ago, is today the world's leading textile concern.

Because of its broad diversification, Burlington offers to the young man or woman seeking a career in textiles truly unlimited opportunities in every phase of the textile field.
